

Mike Perry is back on a bike to continue his trek across the states and raise funds for Grand Valley youth and science education! This year, Mike will be biking along the Great Lakes from Michigan to Niagara Falls! Mike's daughters, Allyson Willoughby and Adrienne Hartly, will be joining him for the ride this year!

On June 10th, Mike and Co. will begin their [526 mile journey to raise scholarship funds for youth](#) enrolling in EUREKA! STEAM camps, including in our Environmental Institute field science programs and Gear Up! mountain biking and science camps!

Our mission at the EUREKA! McConnell Science Museum is [to inspire a passion and respect for math and science in our communities](#). We are committed to increasing access to educational enrichment for local and underserved youth to improve the educational and health outcomes of the next generation. EUREKA! provides [over 200 day and week-long science programs](#) throughout the school year and summer for nearly [4,000 students PreK through 10th grade!](#)

Gear Up! is EUREKA!'s science and mountain biking program, where bicycles are the tool for self-discovery, education, exploration, and community-building through mentorship, stewardship, and skill-building. [Gear Up! provides opportunities for local youth by removing barriers](#) such as equipment, transportation, and program fees to provide a pathway of education and access to the outdoors. Our vision for Gear Up! is to create curious learners who make connections between biking, science, and life!
