

Mike Perry is on the final leg of his bike ride across the United States to **raise scholarship funds for youth on Colorado's Western Slope!** Mike is riding to raise funds that will provide critical support for science education by providing bikes, supplies, and scholarships for more youth to participate in science and outdoor investigation programs at EUREKA!

Our mission at the EUREKA! McConnell Science Museum is **to inspire a passion and respect for math and science in our communities.** EUREKA! provides over 200 day and week-long science programs throughout the school year and summer for nearly 4,000 students PreK through 10th grade and 26,000 total learners each year! Our Environmental Institute field science and Gear Up! mountain biking and science programs provide unique outdoor learning experiences for students to experience field science investigation and outdoor adventure! **With your support, we can get more students investigating science outdoors and on bikes** by providing scholarships, bikes, helmets, and all other gear for students who may otherwise be unable to participate.

We are asking for your pledge as **Mike bikes the final 563 miles** in a 3,310 mile long journey **to raise scholarship funds for youth** enrolling in science programs at EUREKA!

\$0.01 per mile

\$1 per mile

\$0.10 per mile

\$\_\_ other per mile

\$0.25 per mile

Please clearly check the level at which you would like to pledge in support of Mike and EUREKA! to raise funds for youth scholarships.

\$20 completion bonus

\$\_\_ completion bonus

Fill out your contact information on the back of this sheet, mail back to EUREKA!, and we will provide an invoice once Mike's journey is complete!
